

RAINBOW ROAD ACCESS

In signing this document, I hereby acknowledge and accept the following:-

“Rainbow Station, including its farmland and private formed roads and tracks, is leased from the Crown by Rainbow Station Farms Limited. It is not a public area and any use is a revocable privilege granted by the Leaseholder. The formed roads and tracks have not been engineered, nor are they maintained to meet the standards for public access. Parts of it are hazardous. The hazards are not individually signposted or marked. Sudden weather changes can cause additional adverse conditions and/or additional hazards.

Hazards may include, but are not limited to:

- | | |
|---------------------------------------|---|
| (a) Gravel and loose surfaces or road | (b) Limited visibility |
| (c) Rocks and stones | (d) Narrow bridges and roads |
| (e) Potholes | (h) Crossing streams |
| (f) Oncoming traffic, cycles | (i) Weather conditions affecting driving and visibility |
| (g) Livestock and wildlife | (j) Flooding |

The road is not maintained or checked daily so particular care is required at all times.

Compliance with the provisions of the Road Code and with the applicable law in respect of operation of vehicles on a road is expected at all times.

Note: *If you are in any doubt as to your ability to drive a vehicle taking into account the potential hazards you should not drive. You are advised to use a 4WD High Clearance vehicle. Check brakes after going through water. Do not block the road or obstruct gateways, tracks or entrances.*

You need to be prepared for the unexpected and drive at a speed that allows you to stop if a hazard arises.

The Leaseholder consents to access by the public only on the basis that each person travels at his/her own risk, accepts full responsibility for his/her own safety, and accepts that the Leaseholder has no liability or responsibility of any sort for any injury, damage or accident to any person or property that enter Rainbow Station farmland and its surrounds, or when traversing the private formed tracks and/or roads. There is no cell phone coverage and breakdown services may not operate in the private area. Drivers also need to be self-sufficient and prepared for sudden changes in weather. You drive at your own risk. Please leave gates as you find them, and respect stock, property and other users.”

I also hereby acknowledge and declare that this is not a commercially guided fishing, hunting, tramping or 4WD trip, and I am aware that no hunting is permitted without PRIOR permission by phoning (03) 521 1838.
